<b>Discussion</b>	Open discussion	
<b>Conclusions</b>	<p>Shayla: Communicating help to the parents – send home more information on speaker events and just informing parents beforehand so they are prepared about what is coming up. We need to reach out to our Spanish speaking parents. Talked about getting other organizations involved to spread information better. Staff need to do a better job at giving our referrals. Making Kayla more visible so that students know they have her to go to as a resource. They talked about the goals being met with the Key Leader orientation, but talked about getting more people involved. How to integrate what other schools are doing into Prosser Falls. Fundraising: Dutch Bros, Dust Devils, Americans, Atomic Bowl and Sparetime Lanes, all donate tickets/beverages for fundraisers.</p> <p>Kayla: Staff/Student trainings for them to know what resources are available. How staff go about a student that may need some help. Maybe churches in the community come together to help as a local crisis line for students to talk to someone locally. Raise awareness for students and parents with a back to school event, have a speaker there to talk about all the events and curriculums within the school to bring up those critical issues – incorporate all the resources that are available to they know. Student awareness to be brought to students – once a week have a different topic and show videos and whatnot to the whole school. Advertising and incentives for events we are hosting to get better attendance. Talked about recording speakers that come and posting them online so that parents who cannot attend the event can still watch it.</p>
