Discussion	Bi-Law Updates
Conclusions	<p>Bi-Laws: Article IV is going to be changed so that all interested parties go through a membership/volunteer application to ensure we are maintaining our values and staying true to our missions. The Coalition would have to vote on people and seek approval of that person in order for them to be part of the Coalition.</p> <p>Community Survey: Survey will not be ready for State's Day. It comes out September 1st. We need to brainstorm more ideas as to when we could pass out the survey. We need volunteers to help out Monday the 6th 6:30-8 and Thursday 4th 6:30-8pm to help pass out the survey during school open house. Julie is going to ask if there is a flu shot clinic for seniors and if so we could pass out the survey to those people while they wait to get vaccinated.</p> <p>Community Involvement Activities: We need one person that lives in the community to let Jen know about any community functions that have booths set up so that we can make a community survey. The whole Coalition will be responsible for letting Jen aware of any community events that we can make it to.</p> <p>State's Day Parade: If we want to walk in the states day parade let Jen know ASAP. If anyone has a truck we can borrow that would be great!</p>

When and where trainings are

Prevention Summit: In Yakima until 4pm each day. Lots of networking stuff goes on and lots of youth activities. There is a poverty simulation on the Sunday the 21st. September 19th, 20th and 21st is when the training will be held. Tracy expressed interest.
SAPST: September 22nd-26th and is great if you have no knowledge on the structure of the Coalition. It is also in Yakima and will give you all the basic information you need to run a coalition. You can drive back home each day or stay in a hotel. The coalition will pay for mileage and hotel costs. Food is provided by SAPST, and you will not be reimbursed for any cost spent on food.
