Meeting minutes:

Group Check in- Introduction of new faces

Bekka shared banner is being made

Group discussed different community survey options and ideas. If community survey is available with enough notice, each sector will work to put access on their websites and promote community participation through their own events. If we have enough surveys taken by Sept, then we will be good to go with completion of our strategic plan. If we do not have 250-300 surveys taken then we will offer the survey electronically on States Day. Location TBD- we have permission through Ray T. to use the space by the high school, district office or by Tracy B. to use the Youth Life office if needed. We will offer the survey electronically first and if that is not successful then we will hand out the survey at different sector events and input results manually (last resort).

Shared purchases made- banner, static clings, glow sticks and shirts.

Discussed volunteers options-many sector reps were unavailable for summer activities, but are looking forward to fall activities.

Broke up into small groups to come up with some different ideas for a mission statement. Each group came up with some great ideas. Two stuck out and will be sent out via email for a vote. Jennifer will follow up at next meeting with results.

Topics to think about for next meeting:

Athena website access- all members of coalition can access this information and see what other coalitions are doing and get more info about our state goals. Jennifer will send out email link.

Volunteering: What will you want to volunteer for this year? Sub Committees, planning, parades-
